4. Perform exposure of impacted canines. No of surgeries 1.
5. Perform removal of remaining roots. No of surgeries 5.
6. Perform wisdom teeth extractions (fully / semi erupted)). No of surgeries 5
7. Perform abscess drainage through an incision intra orally. No of surgeries 1.
8. Perform bone grafts No of surgeries 1
9. Perform dental Implants surgery No of Surgeries 5

#### Clinical Requirements for II<sup>nd</sup> year Course

##### Principles and Practice of Implant Dentistry - DIPI201

1. Perform routine dental extractions. No of surgeries 10
2. Perform removal of remaining roots. No of surgeries 5.
3. Perform bone grafts No of surgeries 1
4. Perform dental implant Surgery No of Surgeries 5

##### Advanced Oral Surgery 1 - DIAS 201

##### Advanced Oral Surgery 2 - DIAS 202

##### Prosthetic Implant - DIPR202

1. Perform routine dental extractions. No of surgeries 10
2. Perform apicectomy anterior teeth. No of surgeries 1.
3. Perform cyst enucleation < 1 cm. No of surgeries 1.
4. Perform exposure of impacted canines. No of surgeries 1.
5. Perform removal of remaining roots. No of surgeries 5.
6. Perform wisdom teeth extractions (fully / semi erupted)). No of surgeries 5
7. Perform abscess drainage through an incision intra orally. No of surgeries 1.
8. Perform bone grafts No of surgeries 1
9. Perform dental Implants surgery No of Surgeries: 5

## Clinical Requirements for III<sup>nd</sup> year Course

### Advanced Oral Surgery 3 - DIAS301

### Advanced Oral Surgery 4 - DIAS302

1. Perform routine dental extractions. No of surgeries 10
2. Perform Apicectomy anterior teeth. No of surgeries 1.
3. Perform cyst enucleation < 1 cm. No of surgeries 1.
4. Perform exposure of impacted canines. No of surgeries 1.
5. Perform removal of remaining roots. No of surgeries 5.
6. Perform wisdom teeth extractions (fully / semi erupted)). No of surgeries 5
7. Perform abscess drainage through an incision intra orally. No of surgeries 1.
8. Perform Bone graft, No of Surgeries 2

### In addition to the above requirements:

### Minimum Clinical requirements ( Advance surgery) to appear in the final clinical exam

9. Perform connective tissue grafting (harvesting from palate) for implant related surgeries  
No of surgeries 1
10. Perform dental Implants surgery after tooth/root extraction(Immediate placement)No of Surgeries 3
11. Perform mucosal tissue grafting for implant related surgery, No of surgeries 1
12. Perform dental implant surgery (bone expansion without using drill) No of Surgeries 2
13. Perform autogenous bone graft with metal mesh, No of surgery 1
14. Perform socket preservation with autogenous bone graft No of surgeries 2
15. Perform external sinus lifting No of surgeries 2
16. Perform internal sinus lifting No of surgeries 2
17. 2 /4 Implant Supported Bridge(Upper/Lower arch): 1
18. 2 /4 Implant Supported over denture(upper/Lower arch): 1
